- **Tools:** Fusion360, Pandas, NumPy, Matplotlib, Seaborn, Excel, Git
- **Other:** Hypothesis Testing, Regression Models, Classification, KPI Analysis

SUMMARY

Engineering Management student with a background in Physics and a strong interest in how things work, whether through data, systems, or hands-on experimentation. I enjoy analyzing problems, modeling processes, and testing ideas in practical settings. I'm motivated by environments where learning, curiosity, and practical problem-solving come together, and I'm seeking an internship that allows me to contribute while expanding my technical and analytical skills.

EXPERIENCE

Optician-Optometrist

GrandVision, EssilorLuxottica Fielmann

Nov 2022 – Ongoing
Oct 2021 – Oct 2022
